Subject: RE: [EXTERNAL] Cost claim EB-2020-0265 Ottawa International Airport Authority (OIAA)

Hello Christiane,

Thank you for the follow up. The OIAA will not be submitting a cost claim.

As per our correspondence, the airports interest in these works pertains to ensuring that the required aeronautical reviews have been completed. NavCanada has submitted their Land Use Assessment, and the requirement for a NOTAM approach procedure being in place during works at specific locations off the approach end of Runway 14. The Transport Canada Aeronautical Assessment is still in progress. Transport Canada requested additional information from Hydro One, and this information was provided by hydro late in April.

Best Regards, Barb.

Subject: [EXTERNAL] Cost claim EB-2020-0265 Ottawa International Airport Authority (OIAA)

Hi Marcel, Barbara,
Cost claims for EB-2020-0265 were due on April 29, 2021. To date, we have not received a cost claim from OIAA. Please confirm that OIAA will not be filing a cost claim, or that OIAA will be filing late.

Thanks,
Christiane
