Hi Michael,

Thank you for bringing this to our attention. We will make the change and update the documents on our website.

Have a nice long-weekend,
The FEI Team

Subject: EB-2021-0118 FEI Working Group - Clarification and Request

Dear Ms. Long,

Thank you for the OEB's communications on May 10, 2021 regarding the FEI Working Group and Terms of Reference. Pollution Probe had submitted a nomination for the FEI Working Group which was accepted by the OEB. This nomination was supported by several stakeholders as illustrated by a few letters of support that were filed on behalf of the City of Ottawa, Clean Air Partnership and Clean Air Council.

In the two documents released May 10th, it indicated that Michael Brophy was a Working Group member representing Pollution Probe and the City of Ottawa. Can you please update the tables to indicate Pollution Probe and remove the City of Ottawa from the table. The support letter from the City of Ottawa was intended to be illustrative of the coordination Pollution Probe conducts with its partners. Pollution Probe intends to coordinate with and leverage feedback from its full range of partners, stakeholders, consumers and communities/municipalities (including City of Ottawa) in its participation on the Working Group.

Thank you and please reach out should you have any questions.

Best Regards,

Mike
