Dear Ms Jamieson:

**Re: Petition of Gordon Garland in respect of the Ontario Energy Board's
 Decision in the EB-2007-0731 proceeding**

Enclosed are six copies of the Response of Enbridge Gas Distribution Inc. to the petition which was filed by Gordon Garland with the Lieutenant Governor in Council in connection with the Ontario Energy Board's Decision in the EB-2007-0731 proceeding.

Enbridge Gas Distribution's Response addresses the issues raised by Mr. Garland in his petition. We note, though, that other parties who participated in the Ontario Energy Board proceeding also have the opportunity to file submissions at the same time as Enbridge Gas Distribution. Should other parties take that opportunity, and raise different issues than Mr. Garland in support of the petition, then Enbridge Gas Distribution may request the opportunity to respond to those new issues.

Included with the Response are three attachments, one of which is the Application filed by Enbridge Gas Distribution in the EB-2007-0731 proceeding, along with the balance of the Ontario Energy Board's record in that proceeding. This documentation is contained in two large binders titled "2007 CASDA Application". In an effort to reduce the amount of paper associated with this Response, we have attached only one hard copy of the binders, along with five CDs, each of which contains copies of all of the documents found in the binders.

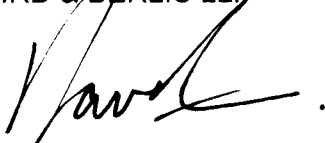

Enbridge Gas Distribution's Response also refers to a number of documents that are publicly available through sources such as the Ontario Energy Board's website or www.canlii.com (an online source of Canadian Court cases). If you would like us to provide copies of any or all of the documents referred to in the Response, we would be pleased to do so.
