PLEASE just tell me how this will affect my hydro bill. I am 88 years old and have difficulty understanding what this is all about. I think that we still live in a free country and that it is not against the law for me to clearly know how much money this will cost based on consumption. If you are unable to do so PLEASE ask someone else.
Thank you

The OEB has today issued its Procedural Order No. 2 for the above mentioned proceeding. Please see attached along with the responses from Hydro One to the responses listed in Procedural Order No.1 for this proceeding.

Thank you.
