Dear Ms. Long:

**Re: Enbridge Gas Inc. (“Enbridge Gas”)  
EB-2020-0134 – 2019 Utility Earnings and Disposition of Deferral and Variance  
Accounts**

---

We act as counsel to Enbridge Gas in this matter.

On June 2, 2021, we wrote to the OEB to indicate reasons why Enbridge Gas wishes to clear the 2019 deferral account balances starting on October 1, 2021 rather than July 1, 2021 as set out in the filed Draft Rate Order.

As explained in our earlier letter, the July 1, 2021 timing for the clearance of the accounts was set out in the Settlement Proposal for this matter. Enbridge Gas has now been able to discuss the proposed disposition timing change with the parties to the Settlement Proposal, and all parties have confirmed that they agree with or do not oppose this change.

We write therefore to request that the OEB refrain from approving the previously filed Draft Rate Order and instead set out a process for Enbridge Gas to file an updated Draft Rate Order seeking clearance of the 2019 deferral account balances starting October 1, 2021. As part of the Draft Rate Order materials, Enbridge Gas will file a schedule (previously shared with parties to the Settlement Proposal) showing the derivation and allocation of Union South Gas Supply Commodity Unit Rates and Deferral Balances, with a July 1<sup>st</sup> and October 1<sup>st</sup> disposition date, and with three month and six month dispositions. As noted in our earlier letter, Enbridge Gas’s proposal is for a three month disposition commencing October 1, 2021.

Please let us know if there are questions.

Yours truly,

AIRD & BERLIS LLP

David Stevens
