Dear Mr. Millar:

### **EB-2018-0270 – Hydro One Networks Inc. s. 86 MAAD Application for Approval to Purchase all Shares of Orillia Power Distribution Corporation – Licence Transfer**

---

On February 17, 2021, the OEB cancelled the electricity distribution licence (ED-2002-0530) of Orillia Power Distribution Corporation (OPDC) and amended Hydro One Networks Inc.'s distribution licence (ED-2003-0043) to include the service territory formerly served by OPDC.

Although Hydro One purchased the shares of OPDC on September 1, 2020, OPDC's distribution assets were not transferred to Hydro One until June 1, 2021, which was thirteen weeks after the said licence cancellation and amendment. Hydro One has just now realized that the validity of OPDC's distribution licence should therefore have continued for the extra thirteen weeks, until June 1, 2021. This was an inadvertent error on Hydro One's part.

Hydro One is writing to the OEB to be transparent on this issue and also confirms that the current situation has self-corrected as of June 1, 2021, being the date of the actual transfer of the assets.

This letter has been filed through the OEB's Regulatory Electronic Submission System.

Yours very truly,
