Re: Hydro One Networks Inc. New Affiliate Transmission Projects Deferral Account
AMPCO Intervention Request
Board File No. EB-2021-0169

Dear Ms. Long:

I am writing pursuant to the Board's Notice regarding the above proceeding to request intervenor status and cost award eligibility.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed.

AMPCO's interest in the Board's regulation of distribution and transmission companies relates generally to the interests of consumers with respect to price, adequacy, reliability, affordability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers.

Hydro One seeks to establish a new regulatory account, the Affiliate Transmission Projects Account, effective May 28, 2021. AMPCO is intervening to ensure the appropriateness of the new account and the types of costs that Hydro One proposes will qualify to be recorded in the proposed sub-accounts.

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter.

Notice

Please serve all correspondence pertaining to this proceeding to AMPCO 's consultant as follows:
