Dear Ms. Long:

Re: Board File No. EB-2021-0002
Enbridge Multi-Year Natural Gas Demand Side Management Plan (2022 to 2027)

The Ontario Sustainable Energy Association (“OSEA”) has reviewed the Ontario Energy Board’s Draft Issues List attached to Procedural Order No. 2 dated June 22, 2021.

In OSEA’s view, the Draft Issues List is comprehensive. OSEA has no comments on or proposed additions to the Draft Issues List.

Yours truly,

Raeya Jackiw
