**DECISION AND ORDER**

On May 27, 2021, Greenfield Global Inc. (Greenfield Global) filed an application with the OEB under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for an electricity retailer licence renewal to retail to large volume consumers only.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

Greenfield Global is a leading producer and marketer of beverage alcohol, industrial alcohol and specialty chemicals and fuel ethanol. Greenfield Global owns and operates four distilleries, three specialty chemical manufacturing and packaging plants, and two next-generation biofuel and renewable energy R&D centers

After considering the evidence and assessing the technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue an electricity retailer (large volume consumers only) licence to Greenfield Global Inc.

**IT IS ORDERED THAT:**

1. The application by Greenfield Global Inc. for an electricity retailer (large volume consumers only) licence is granted, on such conditions as are contained in the attached licence.
