DECISION & ORDER

EB-2021-0164

TRILLIANT NETWORKS (CANADA) INC.

Application for a Unit Sub-metering Licence

BY DELEGATION, BEFORE: Brian Hewson
Vice President
Consumer Protection & Industry Performance

July 22, 2021

DECISION AND ORDER

Trilliant Networks (Canada) Inc. (Trilliant) filed a complete application on June 10, 2021, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act* (OEB Act), for a unit sub-metering licence. The licence would allow the applicant to provide unit sub-metering services to consumers in Ontario.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

After considering the application and assessing the applicant's technical capability, financial viability and conduct, the OEB finds that it is in the public interest to grant the application and issue a unit sub-metering licence to Trilliant Networks (Canada) Inc.

Trilliant failed to renew its previous unit sub-metering licence ES-2014-0264 before it expired on October 8, 2019. The applicant has been operating without a licence, in contravention of section 57 of the OEB Act, and may be subject to an OEB compliance proceeding. This licence is granted without prejudice with regard to any future compliance actions. The applicant is reminded that it carries the onus of filing an application in a timely manner considering the OEB's typical timelines for processing licence applications.

IT IS ORDERED THAT:

A unit sub-metering licence is granted on such conditions as are contained in the attached licence.

DATED at Toronto July 22, 2021

ONTARIO ENERGY BOARD
