July 22, 2021

DECISION AND ORDER

On June 7, 2021, Generate Two Path Fenmar GP Inc. on behalf of Generate Two Path Fenmar LP (Generate Two Path) filed an application with the OEB under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for an electricity retailer licence to retail to large volume consumers only.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

Generate Two Path is currently licensed to own and operate an 8MW co-generation facility that is located on private property. The applicant has applied for an electricity retailer (large volume consumers only) licence to supply electricity to the existing manufacturing plant, located on the same property.

After considering the evidence and assessing the technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue an electricity retailer (large volume consumers only) licence to Generate Two Path Fenmar GP Inc. on behalf of Generate Two Path Fenmar LP.

IT IS ORDERED THAT:

1. The application by Generate Two Path Fenmar GP Inc. on behalf of Generate Two Path Fenmar LP for an electricity retailer (large volume consumers only) licence is granted, on such conditions as are contained in the attached licence.
