Dear Christine Long:

**Re: EB-2021-0153 – Enbridge Gas Inc. (Enbridge Gas) – July 1, 2021
Quarterly Rate Adjustment Mechanism (QRAM) Application
Comments on Intervenor Cost Claim Submission**

In regards to the Ontario Energy Board's (OEB) Decision for the above noted proceeding, dated June 24, 2021, Enbridge Gas has reviewed the cost claims received from Canadian Manufacturers and Exporters (CME), Federation of Rental-Housing Providers of Ontario (FRPO) and Industrial Gas Users Association (IGUA) and notes the following minor concern.

CME

The cost claim submitted by CME is claiming 4.1 hours of preparatory time for a Pre-Hearing Conference. Enbridge Gas is not aware of this QRAM proceeding having a pre-hearing conference and as such Enbridge Gas suggests that the OEB request clarification from CME regarding classification of these hours.

Enbridge Gas otherwise has no objection to the cost claims and awaits the recommendations and or cost awards of the OEB with respect to these cost claims.

Sincerely,
