To: Ms. Christine Long  
Registrar  
Ontario Energy Board

## APPLICATION

1. TransCanada PipeLines Limited (TCPL) requests intervenor status in the proceeding for adjudication of the Application.
2. TCPL is a company incorporated under the laws of Canada.
3. TCPL owns and operates a high-pressure natural gas transmission system that extends from Alberta to Ontario and through a portion of Quebec, connecting to various downstream Canadian and international pipelines (the Mainline). The Canada Energy Regulator regulates TCPL's operation of the Mainline.
4. TCPL transports natural gas on the Mainline on behalf of others for use in the Canadian domestic market and for export from Canada to the United States.
5. TCPL has contracted for M12, M12-X, C1 and Rate 332 transportation services on the pipeline systems of Enbridge Gas Inc. (EGI). TCPL uses this capacity to provide integrated services on the Mainline and therefore has an interest in matters that may affect the rates or facilities on the EGI systems.
6. In addition, EGI is a large domestic customer on the Mainline. TCPL has a direct interest in matters involving EGI systems, facilities, rates and policies; and the effects they may have on the services TCPL provides to its customers on the Mainline.
7. TCPL would reserve its rights to participate in all aspects of the proceeding, including potential evidence, interrogatories, cross-examination and argument.
8. TCPL further requests receipt of all pre-filed material and any further notices or other material that may be issued or filed in connection with this proceeding. The names, mailing and electronic addresses, and telephone and facsimile numbers of TCPL representatives are as follows:
