Dear Ms Long:

Re: EB-2021-0110 – Hydro One Stakeholder Conference Attendance – Consumers Council of Canada

I am a consultant to the Consumers Council of Canada ("Council"). I have been instructed by my client to participate in the Stakeholder Conference for Hydro One Networks Inc. on August 12, 2021. The Council represents the interests of residential consumers in Ontario.

On March 15, 2020, the Council filed with the Board, pursuant to Rule 22.03 of the Ontario Energy Board's Rules of Practice and Procedure, a document describing the Council, its mandate and objectives, membership, the constituency represented, and the types of activities the Council carries out. In addition, we provided a list of the individuals authorized to represent the Council in Board proceedings.

Our interest in the Stakeholder Conference is to hear the proposals made by OEB Staff and provide input on the proposed hearing plan. The Council intends to ask for an order of costs for attending this Stakeholder Conference. The Council has participated in all of Hydro One Networks Inc.'s proceedings before the OEB. In all of those proceedings the Council has been recognized as being eligible for an award of costs. In the absence of an award of costs the Council would be unable to participate in this proceeding.

I will be representing the Council in this Stakeholder Conference. I have acted as the Council's primary consultant in OEB matters for over 20 years. I will be participating in the Hydro One Networks Inc.'s proceeding on behalf of the Council.

Please let us know if any further information from the Council is required at this time.

Yours truly,

Julie E. Girvan
