Dear Ms. Long:

**Re: EB-2021-0212 –OEB Setting of Inflation Factors
Vulnerable Energy Consumers Coalition (VECC) Request for participation and cost eligibility**

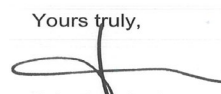

Vulnerable Energy Consumers Coalition (VECC) is seeking to participate in the above-noted proceeding. The notice of this proceeding does not indicate whether the Board intends to allow for intervenor costs. If so, we also request we be considered eligible for an award of costs.

VECC is a well know intervenor in Board proceedings and the issue of the appropriate inflation rate to be used to adjust certain regulated utility rates is of interest to our constituents.

The name & address of the agents authorized to receive documents on behalf of VECC are:
