Dear Ms. Long:

**Re: Updating the CDM Guidelines for Electricity Distributors – Toronto Hydro Notice of Participation**  
**Ontario Energy Board File: EB-2021-0106**

---

On August 5, 2021, the Ontario Energy Board (“OEB”) announced the release of an OEB Staff Discussion Paper: Updating the Conservation and Demand Management Guidelines for Electricity Distributors, setting out a proposed approach regarding the role of CDM for rate-regulated electricity distributors and addressing the 2021-2024 CDM Framework, the wind-down of any legacy CDM activities, and rate-funded CDM activities outside the provincial frameworks. The OEB invited all interested parties to indicate their interest in participating in this proceeding. By way of this letter, Toronto Hydro-Electric System Limited (“Toronto Hydro”) confirms its intention to participate in the OEB’s consultation, either directly or jointly together with the Coalition of Large Distributors (“CLD”).

Toronto Hydro asks that all future correspondence on this matter be directed to the email address:

Respectfully,

A handwritten signature in blue ink that reads "Andrew J. Sasso".
