MARKHAM DISTRICT ENERGY INC.

Application for an Electricity Generation Licence

BY DELEGATION, BEFORE: Brian Hewson

August 18, 2021

INTERIM DECISION AND ORDER

Markham District Energy Inc. (Markham District) filed an application on August 9, 2021, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for a renewal of its electricity generation licence.

Markham District Energy Inc.'s electricity generation licence EG-2000-0420 expired on August 14, 2021. In order for the applicant to perform electricity generating activities in Ontario, the applicant requires an electricity generation licence pursuant to section 57 of the OEB Act.

Considering the time required to process an application in accordance with the OEB's established practice and procedures, and considering the applicant's need for a licence to carry out activities as an electricity generator, the OEB finds it expedient to extend the term of the existing licence, pending the final disposition of the matter. This Decision and Order does not constitute a final decision on the application

IT IS ORDERED THAT:

The term of Markham District Energy Inc.'s EG-2000-0420 is extended on an interim basis until February 1, 2022, or until the final determination of the electricity generation licence application, whichever is earlier. The conditions of licence remain unchanged.

DATED at Toronto August 18, 2021
