September 2, 2021

INTERIM DECISION AND ORDER

Exelon Generation Company, LLC filed an application on August 12, 2021, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for a renewal of its electricity wholesaler licence.

Exelon Generation Company, LLC's EW-2016-0252 expires on September 28, 2021. In order for the applicant to perform electricity wholesaling activities in Ontario, the applicant requires an electricity wholesaler licence pursuant to section 57 of the OEB Act.

Considering the time required to process an application in accordance with the OEB's established practice and procedures, and considering the applicant's need for a licence to carry out activities as an electricity wholesaler, the OEB finds it expedient to extend the term of the existing licence, pending the final disposition of the matter. This Decision and Order does not constitute a final decision on the application

IT IS ORDERED THAT:

The term of Exelon Generation Company, LLC electricity wholesaler licence EW-2016-0252 is extended on an interim basis until February 1, 2022, or until the final determination of the electricity wholesaler licence application, whichever is earlier. The conditions of licence remain unchanged.
