To whom it may concern,

We live at [REDACTED]

We are a retired couple and we are trying to control our hydro bill as much as possible. Many companies offer a senior discount, never have I seen Hydro One show any consideration for people who have limited resources. If you continue to raise the cost of living we will eventually be forced to make unattainable adjustments. It will certainly affect our quality of life. We rent the home we live in and would love to stay here as long as it does not become prohibitive!
