I am disheartened to hear a fee increase is coming for the next 5 years.

While I disagree with a higher rate, I know my small say will likely not make a difference. We are all struggling to pay bills, especially with the pandemic, so the timing is worrisome. Me and the many other residential customers would like our rates to remain the same, unless it is clearly laid out what this fee increase is for, it's hard to see why the rates for both need to go higher.
