I would to think a lot of Hydro one customers are feeling the negative effects of the pandemic which obviously has hit their pockets. I think we need competition so charges don't skyrocket, hiking prices should not be jumped into just because it's the easiest path for the company, I'm sure there is millions lost in inefficiencies within the hydro suppliers. I would like to urge hudro one to look at long term solutions to keeping prices within reasonable range. Paul.

Rockland.
