AND IN THE MATTER OF an application by Innisfil

DECISION AND ORDER

Innisfil Wind Power Inc. filed an application dated May 27, 2008 with the Ontario Energy Board under section 60 of the *Ontario Energy Board Act, 1998* for an electricity generation licence as a Standard Offer Program participant.

The Board's Notice of Application and Written Hearing for an electricity generation licence was published on June 12, 2008. No parties responded to the Notice of Application and Written Hearing.

After considering the application, I find it to be in the public interest to issue the electricity generation licence under Part V of the Act.

IT IS THEREFORE ORDERED THAT:

The application for an electricity generation licence is granted, on such conditions as are contained in the attached licence. It is also a condition of this order that the applicant comply with the terms of the connection agreement for a small embedded generation facility or a mid-sized embedded generation facility as set out in Appendix E to the Distribution System Code.
