**Re: Request for Extension of Deadline for Submissions on Proposed
Distribution System Code Amendments**

**Distributed Energy Resources Connections Review
OEB File Number: EB-2021-0117**

On August 5, 2021, the Ontario Energy Board (OEB) issued a notice ([Notice](#)) under section 70.2 of the *Ontario Energy Board Act, 1998* (Act) of proposed amendments to the Distribution System Code (DSC).

The Notice invited anyone interested in providing written comments on the proposed DSC amendments to submit them by **September 16, 2021**. The OEB has received requests from two stakeholders for an extension of the deadline. The OEB has considered the requests and will not grant an extension. Individuals and groups interested in commenting on the proposed amendments will have had almost six weeks to do so, and this is a reasonable period within which to consider and comment on the proposed amendments. The OEB believes that it is beneficial to the electricity sector to continue moving this matter forward.

Comments should be filed by **September 16, 2021** in accordance with the instructions in the Notice.

Yours truly,
