Board File No.: EB-2008-0150

Please consider this Kingston Community Legal Clinic's ('KCLC') intent to participate in the "Consultation on Energy Issues Relating to Low Income Customers" together with our request for cost eligibility.

KCLC is a non-profit community legal clinic funded by Legal Aid Ontario. We serve low income residents of the City of Kingston, Township of South Frontenac and Frontenac and the Islands.

KCLC's mission is to promote justice, equality, rights and independence for low-income people by:

- Providing legal services in matters relating to poverty, housing, income support, human rights, health, employment and education,
- Pursuing law reform activities,
- Providing community legal education, and,
- Engaging in community development

and as such we have a strong interest in the consultation process to examine issues associated with low income energy consumers.

KCLC requests that costs be awarded in the nature of disbursements only, including: train, meals and accommodation for two staff (lawyer and community legal worker).

Thank you for considering our request to participate in the "Consultation on Energy Issues Relating to Low Income Customers" and our request for cost eligibility.
