Canadian Niagara should not be approved for any rate increases. I believe we already pay more than our neighbours. I referred to the 2019 Total Cost/Consumer statistics in the OEB Performance Report:

Canadian Niagara = \$893

Niagara-on-the-Lake = \$758

Welland = \$512

Grimsby =\$594

Burlington =\$661

These are the most recent figures available on line. If there is a better statistic available to compare rates across Ontario, I would like to know what it is.
