2300 Yonge Street  
Toronto ON  
M4P 1E4

Dear Ms. Long,

**Re: EB-2021-0243 Generic Proceeding on UTR and ETS and continued participation in the EB-2021-0110 Hydro One Joint Rate Proceeding**

In Procedural Order No.1, the OEB asked intervenors in the EB-2021-0110 proceeding to advise the OEB by September 24, 2021, whether they intend to participate in the separate, EB-2021-0243 Generic Proceeding on UTR-related issues and the ETS rate and, if so, whether they will also continue to participate in the EB-2021-0110 Hydro One Joint Rate Proceeding.

Energy Probe Research Foundation (Energy Probe) hereby informs the Board that it intends to participate in the EB-2021-0243 Generic Proceeding on UTR-related issues and the ETS rate and continue to participate in the EB-2021-0110 Hydro One Joint Rate Proceeding.

Energy Probe has been approved as an intervenor eligible for cost awards in the EB-2021-0110 Joint Rate Proceeding and requests that it be eligible for cost awards in the EB-2021-0243 Generic Proceeding.

In cases before the OEB Energy Probe is represented by two consultants; Roger Higgin Ph.D., MBA, P.Eng. and Tom Ladanyi MASc., P.Eng., CPA, CMA. The consultants focus on different areas of the evidence. Energy Probe is aware that the OEB will not generally allow the recovery of costs for the attendance at procedural events of more than one representative of any party. If a procedural event such as a Technical Conference covers overlapping areas of evidence, it may be necessary for both consultants to be in attendance. In those situations, Energy Probe will only

**Energy Probe Research Foundation** 225 BRUNSWICK AVE., TORONTO, ONTARIO M5S 2M6

---

claim costs equivalent to the cost of one consultant and hopes that the OEB will find that acceptable.

The contact information for Energy Probe’s consultants for the EB-2021-0243 generic proceeding is the same as for the EB-2021-0110 Joint Rate Proceeding.
