Dear Ms. Long,

**Re: Hydro One Networks Inc., 2023-2027 Joint Distribution and Transmission Rates Application, EB-2021-0110
Generic Proceeding on Uniform Transmission Rates and Export Transmission Service Rates Issues, EB 2021-0243**

On September 17, 2021, ENWIN Utilities Ltd. (“ENWIN”) received Procedural Order No. 1 from the Ontario Energy Board (“OEB”) relating to Hydro One Networks Inc.’s application under File No. EB-2021-0110 (the “**Application**”).

In Procedural Order No. 1, the OEB directed intervenors to indicate whether they intend to participate in a separate generic proceeding on Uniform Transmission Rate and Export Transmission Service Rate issues, which the OEB commenced on its own motion under File No. EB-2021-0243 (the “**Generic Proceeding**”). If so, the OEB directed intervenors to indicate whether they will also continue to participate in the Application.

ENWIN is an intervenor in the Application and, as such, it is writing to advise the OEB that ENWIN will participate in both the Application and the Generic Proceeding.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

ENWIN Utilities Ltd.
