Dear Ms. Long:

**Re: Kitchener-Wilmot Hydro Inc. (Kitchener-Wilmot Hydro)  
Application for 2022 Distribution Rates  
Ontario Energy Board File Number: EB-2021-0038  
Independent Electricity System Operator – Intervention Request**

The Independent Electricity System Operator (IESO) is in receipt of the Ontario Energy Board's (OEB) Notice for the above noted proceeding and is writing to request intervenor status.

The IESO provided supporting information to Kitchener Wilmot Hydro in respect of this application to the OEB. Similar to the IESO's intervention in Kitchener Wilmot Hydro's recent Application to Change Retail Transmission Rates, EB-2021-0074, where the OEB found that the IESO's participation would be helpful to that proceeding, the IESO requests intervenor status to provide its assistance and support in regards to the matter of the electricity retail transmission network and line connection rates under-collection.

The IESO will not be seeking cost awards and asks that all correspondence be addressed to Adrian Pye, Senior Regulatory Advisor, at 905-601-2858 and by email at [RegulatoryAffairs@ieso.ca](mailto:RegulatoryAffairs@ieso.ca).

Yours truly,

Devon Huber  
Senior Manager, Regulatory Affairs
