Dear Mr. Huber:

**Re: Intervention request of the Independent Electricity System Operator (IESO) in Hydro One Networks Inc.'s (Hydro One) Application for leave to construct the Richview by Trafalgar Reconductoring Project
Ontario Energy Board File Number: EB-2021-0136**

This letter is in response to your letter, on behalf of the IESO dated September 24, 2021, requesting intervenor status in the above referenced application. The IESO's request was received after the date for applying for intervenor status had passed.

No objection was received from Hydro One.

The Ontario Energy Board (OEB) is satisfied that the IESO has a "substantial interest" in the proceeding within the meaning of Rule 22.02 of the OEB's *Rules of Practice and Procedure* and is approved as an intervenor. The IESO shall accept the record to this point and is reminded that pursuant to OEB's Procedural Order No. 1, dated September 16, 2021, interrogatories on Hydro One's evidence are due by September 24, 2021.

An updated list of intervenors is attached as Appendix A.

Yours truly,
