**Re: North Bay Hydro Distribution Limited 2021 Cost of Service Application
Board File Number: EB-2020-0043
Errata for September 23, 2021 Decision and Rate Order**

The OEB issued a Decision and Rate Order for North Bay Hydro on September 23, 2021. The Tariff of Rates and Charges included with this Decision and Rate Order had not been updated to reflect the new name and description for the General Service > 3,000 kW customer class. This change had been agreed to by the parties to the proceeding as part of a settlement proposal that was accepted by the OEB. The OEB is therefore issuing an updated Tariff of Rates and Charges.

Pursuant to its powers under Rule 41.02 of the OEB's Rules of Practice and Procedure, the OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions.

The OEB has revised the Decision and Rate Order to reflect the corrected name and description in the portion of the Tariff of Rates and Charges related to the "GS> 3,000 kW" customer class. The attached revised Decision and Rate Order supersedes and replaces the previously issued Decision and Rate Order but does not change the OEB's findings in the original Decision and Rate Order.

Yours truly,
