**INTERIM DECISION AND ORDER**

YES Energy Management, Inc. filed an application on September 14, 2021, with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act* (OEB Act), for a renewal of its unit sub-metering licence ES-2016-0203.

The current licence was issued to the applicant on September 22, 2016 and expired on September 21, 2021. The licence provides that the term may be extended by the OEB.

Considering the time required to process an application in accordance with the OEB's established practice and procedures, it has been found appropriate to issue an order extending the term of the licence ES-2016-0203 until such time as the renewal application is determined on a final basis. This Decision & Order does not constitute a final decision on the application.

The applicant is reminded that it carries the onus of filing an application in a timely manner considering the OEB's typical timelines for processing licence applications.

**IT IS ORDERED THAT:**

The term of YES Energy Management, Inc.'s licence ES-2016-0203 is extended until April 1, 2022, or until the final determination of the unit sub-metering licence application, whichever is earlier.

**DATED** at Toronto September 27, 2021
