Dear Ms Long:

EB-2021-0110 and EB-2021-0243 - Hydro One Networks Inc. – Transmission and Distribution Rate Application - 2023

We are representing the Consumers Council of Canada (“Council”) in the above-referenced proceeding. On September 17, 2021, the Ontario Energy Board (“OEB”) issued its Procedural Order No. 1. In that P.O. the OEB indicated its intent to commence a separate, generic proceeding on its own motion to review a number of issues related to the Uniform Transmission Rates and the Export Transmission Service rate. We are advising the OEB that the Council intends to participate in the separate generic proceeding. The Council also intends to continue to participate in the current rate proceeding.

Yours truly,

Julie E. Girvan
