Toronto, ON M4P 1E4
Email: registrar@oeb.ca

Dear Ms. Long:

**Re: Alectra Microgrid Services Project (LNR) LP
Ontario Energy Board File Numbers: EB-2021-0090, EB-2021-0091
Applications for an Electricity Generation Licence and an Electricity Retailer (Large
Volume) Licence
Confirmation of the Closing of the Commercial Transaction**

On February 22, 2021, Alectra Microgrid Services Project (LNR) General Partnership (“AMSP GP”) on behalf of Alectra Microgrid Services Project (LNR) Limited Partnership (“AMSP LP”) filed applications with the Ontario Energy Board (“OEB”) for an Electricity Generation Licence (EB-2021-0090) and an Electricity Retailer Licence (EB-2021-0091).

The OEB combined the applications into one proceeding and, on April 29, 2021, issued its Decision and Order (“the Decision”) by delegated authority. In the Decision, the OEB approved both applications. However, as the related acquisition transaction had not yet closed, the OEB indicated that the approvals in the Decision will not take effect until the applicant advises the OEB in writing that the commercial transaction described in the applications has closed.

AMSP GP on behalf of AMSP LP hereby confirms that the commercial transaction described in the applications closed on September 29, 2021.

We therefore request that the OEB issue the licences promptly in order for the licensee to begin operation of the facilities as soon as possible and to avoid any disruption in service to its customer.

Should you have any questions or require additional information, please do not hesitate to contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Lister". The signature is fluid and cursive, with a large initial "M" and a stylized "L".

Michael Lister, MBA, CFA
Acting Vice President, Regulatory Affairs
