Dear Ms. Walli:

Regarding EB-2021-0110, Request for Intervenor Status

I represent Michipicoten First Nation ("MFN"). MFN seeks intervenor status and costs eligibility in Hydro One's above-noted proceeding.

MFN is affected by the outcome of this proceeding because Hydro One operates and maintains (without ownership of) assets on MFN's Reserve.

MFN would like an opportunity to formally follow the proceeding and participate in a way which would facilitate transparency in the hearing.

As a party with an interest affected by the application, MFN would seek an award of costs.

This intervention request is being submitted after the deadline because Hydro One did not serve MFN with the hearing notice. We respectfully request that intervenor status be granted despite this because:

- The delay was due to Hydro One and not due to any mistake on the part of MFN or its counsel;
- Hydro One indicated that it would not object to this late intervention request;
- Approving this request will not cause any delay or require any changes to the schedule.
