Dear Ms. Long,

Re: EB-2021-0027

**Grimsby Power Inc. 2022 Cost of Service Application for Electricity
Distribution Rates effective January 1, 2022 (the "Application")**

We are writing to seek a 3 day extension to the filing deadline for Grimsby Power Inc.'s filing of interrogatory responses, moving that deadline from Monday October 25, 2021 to Thursday, October 28, 2021.

While we have been working diligently to complete our responses to the interrogatories since the interrogatories were provided to us by the parties and Board Staff, we believe, based on our progress to date, that we will require the additional time in order to complete all our responses.

We believe that the extension can be accommodated within the current schedule, with no need to move the settlement conference dates that have been set aside for this application, as there will remain a full 10 day (or 5 business days) from the date of the filing of our responses to the beginning of the settlement conference.

If there are any questions with respect to our request please contact the undersigned at your earliest convenience.

Yours very truly,

Regards,

Mioara Domokos
Director of Finance
