Another raise of cost to our electricity bill. I am tired of increases.

When you are on a fixed income another raised cost is applied. It may be a small amount to the London Hydro or the OEB. The bill I dread receiving each month is this hydro bill. The worse that could have taken place happen in 2010 is The Smart Meter - NOT SO SMART in the eyes of Ontario residents. I am doing more after 7:00 p.m. just to keep my hydro bill affordable. (using my dryer, using my oven. etc.) We are the only province in Canada using this

totally absurd pricing to use our hydro. I don't need any more expense. All

I want is to be charged is a reasonable per kWh price 24 hours a day, no more on peak, mid peak and off peak. that I have used
