Dear Ms. Armstrong:

RE: 2022 IRM Tranche Assignment

Given that our current COS (EB-2020-0043) has just recently been approved and an appeal was denied, North Bay Hydro would like to formally request a move from Tranche 3 to Tranche 4 (November 24, 2021). NBHDL had previously requested a change on September 30th, but was subsequently advised to file formally through the RESS

Regards,

Micheal Roth, CPA
Regulatory Manager
North Bay Hydro Distribution Limited
