DECISION AND ORDER

Enersource Hydro Mississauga (“Enersource” or the “Applicant”) filed an application, dated May 15, 2008 for a decision and order seeking approval for an extension of the timeline to exhaust remaining approved third tranche dollars in relation to its approved Conservation and Demand Management (“CDM”) plan. Enersource has also requested, pursuant to subsection 21(4)(b) of the *Ontario Energy Board Act, 1998* (the “Act”) that the Ontario Energy Board (the “Board”) dispose of the proceeding without a hearing. The Board has assigned file number EB-2008-0108 to this application.

On February 3, 2005, Enersource was granted approval of its CDM plan (RP-2004-0203/EB-2004-0489). The total approved budget for Enersource's CDM plan is \$8,263,000.

Enersource seeks an extension of the completion date for third tranche CDM expenditures from December 31, 2007 to September 1, 2008 to allow for completion of its Demand Response programs.

Enersource has also requested that the Board dispose of this matter without a hearing pursuant to section 21(4)(b) of the Act. Section 21(4)(b) of the Act states that the Board may dispose of a proceeding without a hearing if the Board determines that *"no person, other than the applicant, appellant or licence holder will be adversely affected in a material way by the outcome of the proceeding and the applicant, appellant or licence holder has consented to disposing of a proceeding without a hearing."*

The Board approves the request for an extension of the completion date to exhaust third tranche CDM expenditures as proposed by Enersource.

THE BOARD ORDERS THAT:

Enersource Hydro Mississauga is granted approval to extend the completion date to exhaust third tranche CDM expenditures from December 31, 2007 to September 1, 2008.
