Christine Long
Board Secretary
Ontario Energy Board
2300 Yonge Street, Suite 2700
Toronto, ON M4P 1E4

Dear Ms. Long:

**Re: EB-2020-0230: Independent Electricity System Operator 2020-2021 Application
Cost Claim of The Association of Power Producers of Ontario**

Pursuant to the Ontario Energy Board (the "**OEB**")'s Procedural Order No. 1 dated July 15, 2021 and Decision and Order dated November 18, 2021, please find enclosed the cost claim of The Association of Power Producers of Ontario ("**APPrO**") for this proceeding.

Please note that time spent on considering and responding to all procedural orders and decisions issued by the OEB in this proceeding, including those aspects relating to the proposed draft and final issues lists, have been included in the 'Issues Conference – Preparation' line item of the enclosed form.

APPrO submits that it should be awarded costs as permitted by the OEB's *Practice Direction on Cost Awards* (the "**Practice Direction**") because its participation played a significant role in achieving a final settlement agreement among the parties and OEB staff, that was ultimately approved by the OEB.

Moreover, in accordance with subsections 5.01(a), (c), (d) and (e) of the Practice Direction, APPrO participated responsibly in the process and complied with the OEB's direction in Procedural Order No. 1 to coordinate its participation with the Ontario Sustainable Energy Association on common issues and avoid duplication. APPrO also coordinated with Hydro Québec Energy Marketing in the preparation of written interrogatories and attendance at the settlement conference. APPrO did not take a position with respect to Issue 3.1 (procurement registration fee structure).

APPrO thanks the OEB for its time and consideration in this proceeding.

Yours truly,

McCarthy Tétrault LLP
