**Re: Enbridge Gas Distribution Inc. ("Enbridge")  
Pipeline to Serve the Proposed Northland Power Plant – Thorold  
EB-2008-0065 – Notice of Application (the "Application")**

On July 22, 2008 Thorold CoGen L.P. ("Thorold CoGen") received notification from Enbridge, that it had submitted to the Ontario Energy Board an application for leave to construct a pipeline to serve the Thorold CoGen station, located on the Abitibi-Bowater paper mill site in the City of Thorold, Ontario.

As the exclusive recipient of the natural gas that this proposed pipeline will deliver, Thorold CoGen has a direct and very material interest in the outcome of the Application and wishes to participate in the proceeding as an intervenor. Therefore Thorold CoGen requests that the Board grant Thorold CoGen intervenor status in the Application.

Thorold CoGen takes the position that any issues which may arise with respect to the Application can be adequately dealt with by way of a written hearing.

Thorold CoGen will not be seeking an award of costs in this proceeding.

Thorold CoGen wishes to receive copies of all evidence filed by the applicant and registered intervenors. Copies of all filed materials should be sent to Thorold CoGen at the address set out below.

Thorold CoGen LP
