

Appendix 2-A

List of Requested Approvals

The distributor must fill out the following sheet with the complete list of specific approvals requested and relevant information. All approvals, including accounting orders (deferral and variance accounts) new rate class or retail service charges which the applicant is seeking, must be separately identified, as well being clearly delineated in the sections of the application.

Additional requests may be added by copying and pasting blank input rows, as needed.

If additional requests arise, or requested approvals are removed, during the processing of the application, the
