## DECISION AND ORDER

YES Energy Management, Inc. (YES Energy) file an application on September 14, 2021 with the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) to renew a unit sub-metering licence. The licence would allow the applicant to continue providing unit sub-metering services in Ontario.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

The applicant has been previously licensed by the OEB and has applied to renew its unit sub-metering licence, which expired on September 21, 2021. An Interim Decision and Order extending the licence term to April 1, 2022, was issued on September 27, 2021.

After considering the technical and financial capability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the unit sub-metering licence to YES Energy Management, Inc. The OEB notes the application was filed by the applicant only 7 days prior to the expiration of the existing licence and takes this opportunity to remind the applicant and all existing licencees that they must ensure their renewal application is filed in time to permit the OEB to undertake its review and issue a licence prior to the expiry of an existing licence.

### IT IS ORDERED THAT:

1. The application for a unit sub-metering licence is granted, on such conditions as are contained in the attached licence.
