Dear Mr. Hesselink:

**Re: EPCOR Natural Gas Limited Partnership (EPCOR)
Application for 2022 Rates – Aylmer Service Area
Ontario Energy Board File Number: EB-2021-0215**

In its Decision and Order issued on December 2, 2021, the OEB approved EPCOR Aylmer's application to change its rates as of January 1, 2022. The OEB approved the rate schedule set out in Schedule A to the Decision and Order.

On December 15, 2021, EPCOR filed a letter indicating that there were errors in the rate schedule for two rate riders: 1) an outdated ADVADA rate rider was used for Rates 2 & 4 and Rate 6 was missing and 2) an incorrect REDA rate rider was used for Rate 6.

Pursuant to its powers under Rule 41.02 of the OEB's *Rules of Practice and Procedure*, the OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions. The OEB considers this error to be a typographical or similar error.

The revised Decision and Order is attached. This revised Decision and Order supersedes and replaces the previously issued Decision and Order. The Decision is not otherwise changed in any way.

Yours truly,
