**Re: EB-2020-0293 – Enbridge St. Laurent Ottawa North Replacement Project  
Pollution Probe Correspondence**

Dear Ms. Long:

Pollution Probe is in receipt of the City of Ottawa letter dated November 26, 2021 and the Enbridge interrogatory responses filed three days ago on December 13, 2021.

Pollution Probe understands that the OEB is carefully assessing the procedure for this proceeding to ensure that all the relevant information and issues are appropriately assessed. The complexity and significance of issues in the proceeding have been highlighted and more recently reinforced through the interrogatory process.

Pollution Probe supports the request for an oral hearing and advises the OEB that additional correspondence will be submitted in the near future to provide additional information that will assist the OEB in assessing the proposed project during an oral hearing.

In the interim, please reach out to the undersigned should you have any questions.

Respectfully submitted on behalf of Pollution Probe.
