- a) Please provide a high level description of the Low-Income programs for each utility in Table 9 including the budget, key offering elements, eligibility criteria, incentives, metrics, projected savings and shareholder incentives for each program.
- b) Please discuss the key similarities and differences between the Low-Income programs for each utility.

VECC-8

Ref: Exhibit L.GEC/ED.1 Page 37

Any increase in low income program spending should be focused on envelope weatherization measures only and not gas equipment measures.

Please specify the types of envelope weatherization measures that should be included in incremental low income spending.
