Dear Christine Long:

**Re: Enbridge Gas Inc. (Enbridge Gas)
Ontario Energy Board (OEB) File: EB-2020-0293
St. Laurent Ottawa North Replacement Project
Interrogatory Responses - Unredacted Exhibits & Timeline Extension**

In accordance with the Decision on Confidentiality Request and Procedural Order No. 3, enclosed please find the following unredacted exhibits:

- Exhibit I.STAFF.19, Attachment 1 – Updated Indigenous Consultation Log
- Exhibit I.FRPO.18 a) vi) & vii) – Specific Contract Parameters

In addition, Enbridge Gas requests that the OEB extend the procedural deadline set out in Procedural Order No. 3 for the Company to file its written reply submission, from February 22, 2022 to March 3, 2022. This would provide Enbridge Gas the same amount of time to complete and file its written reply submission as OEB Staff and intervenors are afforded to complete written submissions following receipt of undertaking responses (February 3 to February 17).

As it stands, the timeline established in Procedural Order No. 3 only provides 2 business days (as February 21st is a holiday) for Enbridge Gas to complete its written reply submission. Based on the broad variety and complexity of issues raised in interrogatories and the fact that the OEB has determined it will proceed with a Technical Conference, the Company anticipates that it will need more than 2 business days to respond to written submissions.

Please contact the undersigned if you have any questions.

Yours truly,

Adam Stiers
