Dear Ms. Long:

**Re: OEB File No.: EB-2021-0016  
E.L.K. Energy Inc. ("E.L.K.")  
2022 Cost of Service Application**

We are writing further to our letter to the Ontario Energy Board's ("**OEB**") dated August 25, 2021 regarding an extension to file E.L.K.'s 2022 Cost of Service Application (the "**Application**") and the OEB's response letter dated September 7, 2021.

E.L.K.'s staff and consultants continue to work diligently and tirelessly on preparing the Application, however, we are writing to inform the OEB that E.L.K. will not be in a position to file its rebasing application by December 31, 2021. E.L.K. will continue to use its best efforts to complete all remaining work to file its rate application on or before January 31, 2022.

Sincerely,

A handwritten signature in blue ink, appearing to read "Cheryl Tratechoud", is written over a light blue circular stamp.
