## Status Report on Operations of Cat Lake

Hydro One Networks Inc. (“Hydro One”) is providing this update to the Board in advance of the expiry on January 22, 2022, of the current Interim Distribution Licence for Cat Lake.

In a Decision and Order dated July 21, 2006 (EB-2006-0180), the Board issued an order (ED-2006-0181) deeming as distribution assets all the transmission assets owned by the Cat Lake Public Utility and issued then a three-month interim distribution licence to Hydro One. The Board ordered Hydro One to take possession and control of the deemed distribution assets owned by Cat Lake Power and the distribution assets in the Cat Lake community owned by the Ontario Electricity Financial Corporation (“OEFC”). Hydro One assumed possession and control of the assets covered by this order at 12:01 a.m. on August 14, 2006. The Board has subsequently amended the interim electricity distribution licences ED-2006-0181, and most recently extended it for a six-month term on July 22, 2021(EB-2020-0286). Hydro One Remote Communities Inc. (“Remotes”) still expects to file a MAAD application to include Cat Lake in Remotes’ service territory, as noted by the Board in its Decision and Order in Remotes’ 2013 rate application (EB-2012-0137), once an agreement with the community has been reached and required government approvals have been secured. Discussions with the community are ongoing in this regard and Hydro One remains optimistic that a beneficial agreement can be reached.

This progress report updates the report that Hydro One filed on June 10, 2021. It covers the Cat Lake utility activities to date and provides financial results until December 31, 2021.

### ***Tracking of Cost***

### ***Operations***

Operations were normal with no significant events aside from a customer outage in May 2021 during the reporting period (January - December 2021).

***Planned Work and Further Reporting***

A protection upgrade in the community was completed in July 2021.

Hydro One continues to operate the Cat Lake system and to manage issues associated with its operations. We will also continue to inform the Board and its staff of any significant issues, to solicit advice and guidance as needed, and to provide information in support of the Board's review of the Cat Lake situation.
