Dear Ms. Long,

**Subject: Late Request for INTERVENOR STATUS – EB-2021-0243
Generic Hearing on Uniform Transmission Rates**

I wish to request an INTERVENOR STATUS in Proceeding EB-2021-0243 if it is still possible to do so. I apologize for the delay in making this application. I earlier intended to submit Interrogatories and submissions related to the Export Transmission Rate issue as an Observer, but I now believe that it would be smoother and more efficient for OEB Staff and stakeholders if I registered as an Intervenor.

I was involved in Hydro One's first application for Transmission Revenue Requirement and Rate Design (RP-1999-0044) and some other applications during my employment at Hydro One. Therefore, I believe I can altruistically contribute to the discussions during the current proceeding.

I represent myself as a "Private Individual" for the purpose of this proceeding. I do not have any affiliation with any organization. I am *not* paid for my involvement in this proceeding by any organization, and I shall *not* seek any award of costs for this matter. My full name, address, and e-mail are provided above, and I agree to this information being public.

Yours truly,

Naren Pattani
(Private Individual)
