Dear Ms. MacKinnon:

**Re: Hydro One Networks Inc. (Hydro One) - Former Service Areas Norfolk Power Distribution Inc., Haldimand County Hydro Inc., and Woodstock Hydro Services Inc.
Application for 2022 Rates
OEB File Number: EB-2021-0033**

The Ontario Energy Board (OEB) issued a Decision and Rate Order in the above-noted proceeding on January 27, 2022. On January 28, 2022, Hydro One contacted the OEB and noted the Woodstock Hydro Services Inc. Rate Generator Model Tab 19 Final Tariff Schedule and Tab 20 Bill Impacts did not contain the “Smart Meter Incremental Revenue Rate Rider”. Hydro One confirmed the approved Tariff of Rates and Charges attached to the Decision and Rate Order were correct.

Hydro One also noted because the Rate Generator Model on Tabs 19 and 20 did not contain the above mentioned rate rider the bill impacts on page 2 of the Decision and Rate Order were incorrect for Woodstock Hydro Services Inc.

Pursuant to its powers under Rule 41.02 of the *Rules of Practice and Procedure*, the OEB has revised the model to include the “Smart Meter Incremental Revenue Rate Rider” and revised the bill impacts on page 2 of the Decision and Rate Order, from a bill of impact decrease of \$5.39 to \$4.74.

The OEB has issued a revised Decision and Rate Order, along with a revised Rate Generator Model.

Any questions relating to this letter should be directed to Kelli Benincasa at Kelli.Benincasa@oeb.ca or at 416-440-7624. The Board's toll-free number is 1-888-632-6273.

Yours truly,

Nancy Marconi
Acting Registrar
